## INTERNSHIPS

Hardware and Networking - Kaassiv InfoTech , Chennai .

Web App Development - Trinity Soft. Technologies, Tvm.

## PROJECTS

### Multilevel Histogram Specification for Image Enhancement.

Multilevel histogram specification is a technique used in image enhancement to manipulate the histogram of an image to match a specified histogram. Histogram is a graphical representation that shows the distribution of pixel intensities values in an image. It displays the frequency of occurrence of each intensity level.

### Memory Challenge Game.

Developed a dynamic and challenging "Memory Challenge Game" using HTML,CSS, and JavaScript. The game interface presents four distinct colors, requiring players to memorize and replicate the sequence of colors clicked in each round.

The game mechanics involve remembering and replicating the sequence accurately any deviation results in the termination of the game.

## CERTIFIED COURSES

### Python

#### GUVI Geek Networks

Aug 2023

### The Complete Web Development Bootcamp

#### Udemy

Nov 2022

### Foundation in Hardware and Networking

#### Networkz Systems

Aug 2020 -Oct 2020

Nagercoil

### Diploma in Advanced Network Administration

#### Networkz Systems

Aug 2020 -Oct 2020

Nagercoil

## SKILL SETS

- Microsoft SQLSever
- PostgreSQL
- Database Administration
- Performance Tuning
- SQL Server Management Studio
- Python
- MsAccess
- MsExcel
- Web Development

## EDUCATION

### Bachelor of Technology

Anna University

2016- 2020

Ponjesly College of Engineering
